***Information Disclosure Statement***

1. The information disclosure statement filed 8/12/2003 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

***Allowable Subject Matter***

2. Claims 1, 3-12, 14-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 11, the applicants have presented a persuasive argument that the cited prior art of record fails to teach or suggest the steps of forming source/drain extensions in the substrate after the nitride layer has been etched, subsequently forming source/drains in the substrate/ forming source/drain extensions and source/drain implants by implantation through the polysilicon reoxidation layer after the nitride layer has been etched. In the contrary, the closest cited prior art of Ramaswami (US 5,783,475) discloses forming the source/drain regions 34 and 35 prior to the step of forming the nitride layer and etching the nitride layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
